

CANCER SUPPORT NOW

...so that no one faces cancer alone

8th Annual Living With and Beyond Cancer Conference
Saturday, March 23
Central United Methodist Church, Albuquerque

A PATIENT'S GUIDE TO CLINICAL TRIALS

One of your four morning break-out session choices

Ellen Wojcik, MBA/HCM, New Mexico Cancer Care Alliance

Every drug a person has ever taken from Tylenol to eye drops has gone through a clinical trial. Cancer trials test new drugs, combinations of treatments, new approaches to surgery or radiation or other methods for treating cancer. However, when faced with taking part in a cancer clinical trial, people have many questions. The purpose of this session is to try to answer some of these questions.

Ellen is a Project Specialist with the New Mexico Cancer Alliance (NMCCA), a network of healthcare institutions and physicians in central, southern, and northern New Mexico.

Conference is FREE, Registration is required. Please register online at cancersupportnow.org or call 505-554-1930
